

PUBLIC

DAILY LEDGER

MAYSVILLE REPUBLICAN.

FOURTH YEAR.

DUD THE DODGER!

Some More Facts About the Artful One Who Senator Would Be.

THE LEDGER has stated heretofore that Mr. J. D. Rummans is not a taxpayer in either Mason or Lewis counties, although he has claimed a residence in one or the other, or in both, as the exigencies of the case demanded.

THE LEDGER has promised to furnish the proof for every statement made by it; and to the end that every one may know the relation that Mr. Rummans bears to the tax collector, and that they may see just how he has managed to shirk the payment of his proportional share of the public burden, attention is invited to the following certificates—the first obtained through Mr. John C. Lovel at THE LEDGER's request.

VANCEBURG, KY., Oct. 17th, 1895.
Friend John:—I examined the Assessors' book for Lewis county and in District No. 7 (Follesboro) I found that for the past five years, 1891-95, both inclusive, Joel D. Rummans is listed as a "Male over 21 years, 1;" "Legal Voter, 1." Very truly yours,

R. D. WILSON.

To Mr. J. C. Lovel, Maysville, Ky.
Not a nickel's worth of property assessed, in Lewis county;—and no proof that he has ever paid a cent of poll-tax even, which goes to the support of Public Schools!

Now comes the Maysville taxgatherer and says—

MAYSVILLE, KY., Oct. 24th, 1895.
Mr. J. D. Rummans has never been assessed, and has never paid taxes of any kind in the city of Maysville.

JAMES W. FITZGERALD,
Collector and Treasurer.
And also the Sheriff of Mason county

MAYSVILLE, KY., Oct. 24th, 1895.
This is to certify that J. D. Rummans has never been assessed and has never paid a cent of taxes to Mason county.

J. C. JEFFERSON, Sheriff.

It will now be in order for Mr. Rummans to go about, from man to man, and say that each one of the foregoing gentlemen has lied—that the Assessors' books are a batch of lies—and that he is a "persecuted" man!

Meantime, he asks the support of taxpayers whose burden he increases by paying no part of it himself, although he has boasted, time and again, that he has several thousand dollars tucked away for a rainy day.

It will be remembered that the person who nominated Mr. Rummans was very emphatic in the declaration that he was a citizen of Mason county. The official records don't bear him out.

And yet Mr. Rummans hasn't accepted THE LEDGER's offer of the free use of its columns to deny that he is an Athiest.

We respectfully invite our friends in Maysville and Louisville with any other daily newspaper in all Northern Kentucky to see if any one can find a daily paper printed in the Ninth Congressional District that has

Left her in the street alone;

COAL FAMINE.

**MAYSVILLE IS THREATENED
WITH ONE AT PRESENT.**

The railroads have advanced the rates on
coal, and at this time, when there isn't
enough water in the river to float a skiff,
of course the railroads have to have more
money for hauling coal in order to ac-
commodate the people, as it takes a great
many cars, more hands to run the trains,
more help at the mines to load the cars
and extra train service, thus making the
expenses run higher, and in order to ad-
vance the rates it must be done on the
article that causes the increase in the op-
erating expenses.

There isn't enough coal in Mayville
for sale at present to last a week should
there come a cold snap, and the Ches-
apeake and Ohio Railroad is doing such a
treacherous heavy freight business that it
is almost impossible to get cars to haul
coal in, and as there is a freight car famine
in the East it may be some time before
we are made comfortable for the winter.

One firm has had an order for coal over
the C. and O. for three weeks, and up to
yesterday it had not arrived.

The Dover News says that place is al-
most out of coal, having now to depend
on the railroad for fuel for the town.

Vanceburg, Concord and other small
towns along the river have to depend
upon the road, and there is no telling when
the people can be accommodated.

Those who are out of coal are the
poorer class of people, who are not fortu-
nate enough to have the advantages of a full
pocket-book with which to prepare
themselves in the winter season for the
winter, and if there isn't a rise in the water
price pretty soon there will be a whole lot
of people caught with no coal and no
place to get any.

planted in triumph upon its ramparts. A
secret ballot has been a potent factor in

accomplishing this result; and the people

having realized the truth of the oft-quoted

words of Sam Patch, that "Some things

can be done as well as others," have con-

cluded to assert their manhood by ignor-

ing the past and remembering it only for its

bearing on the future. Realizing the

potency of appeals to prejudice, the

Democratic party has been to the

people upon their strength and

right, and to proclaim its advocacy

of anything pertaining to the manage-

ment of the state bids fair to furnish an

excuse for a retention of power.

The people, who are the real sovereigns,

have aroused, from their lethargy and

shaken off the dewdrops that glistened on

their garments, and now propose to assert

their political rights in a manner that will

not be easily mistaken. Experience is

said to be the lighthouse of wisdom, warning us of dangerous breakers and

treacherous quicksands. Let us listen to

their admonitions and be guided by their

counsels. The restoration of the g. o. p., after a thirty years vacation, could do no harm, while it might be pro-
ductive. The atmosphere would be purified and a desire to be retained in control of the common-
wealth would put them on their good be-
havior. By all means let us have a change.

KENTUCKY REPUBLICAN PLATFORM.

We are opposed to the free and unlimited coinage of silver, believing that it would involve the country in financial ruin. We believe in a sound currency and in the use of both gold and silver for coinage, provided always that a dollar in one is made precisely as valuable as a dollar in the other.

We favor a Tariff so regulated that it protects all classes of our citizens upon articles that may be imported, and so adjusted as to provide for this country, that import and export to the laborer and a home market to the producer; and in connection with this we favor the re-establishment of the doctrine of reciprocity. We believe that such a system will greatly encourage foreign trade, restore public confidence and replete to the rear the usual excitement now prevailing concerning the currency. In view of the past record of the Democratic party, its devotion to the old state bank system and its wild tendencies, we affirm that the Republican party can be more safely trusted to protect the financial system of the nation.

We are in full agreement with all policies which will protect American and American interests in any part of the world at all hazards and will sympathize with struggling Republic rather than ignorant monarchies.

Uncle Sam's Shortage.

The deficit in the National Treasury for the present fiscal year—from July 1st to date—is \$19,523,311.96.

Uncle Sam's Treasury deficit is now for the month \$9,638,653.35, for the fiscal year \$19,523,311.96, and for the Cleveland Administration \$31,802,113.60.

Spain recognized the Confederacy within eight weeks after Fort Sumter was fired on. Is there any question as to what course the United States should now pursue in the Cuban matter?

Louisville's credit is first class. A dozen banking institutions are trying to loan the city \$250,000, which the Mayor was recently authorized to borrow.

Seventy-two head of shorthorn cattle, valued at \$34,000, sold for \$9,355 at the auction sale of the property of the late Thomas S. Moberly in Madison county.

The Fair Kentuckian Citizen had the following paragraph in his last issue: "As we went to Mt. Sterling, Contra there was a great many ex-Baptists up and about. The venerable Dr. Wall and wife of Maysville were going to visit their daughter, Mrs. Judge Apperson. Mrs. Hawkhorne Hill, nee Sawyer, with her little twin daughters, who with their fawn hair and red turbans, looked charming, were en route to New York, where Mr. Hill is still in editorial work."

An urgent order was made in the County Court of Georgetown. It was to County Clerk Fleming to issue a marriage license to William McMillin and Susan Green, two inmates of the County Poor house.

Graham True of Dover, a member of the Methodist Church, and who has been preparing himself for the Methodist Ministry for the past few years, united with the Christian Church in giving services at that church in Dover Sunday. He preached at the church his last choice Sunday evening, his subject being: "Why I returned to the Christian Church, and why I left the Methodist Church."

THE PREACHER QUIT

His Congregation Did Not Favor His Immersion.

FLEMING, Ky., Oct. 25.—Rev. John G. Lee, who has been pastor of the Berean church ever since its establishment, 4½ years ago, tendered his resignation last Sabbath, and requested a letter of dismissal and commendation from the church. This is a union church, and the pastor is a man of great piety. Mr. Lee favors baptism by immersion, and after long consideration asked the church to designate this as the only mode to be administered by it in the future. This being refused, he has decided to leave the church and go into co-operation with a body which practices a rite which he believes in itself would be best, hence his resignation.

She Lives Another.

LEXINGTON, Ky., Oct. 25.—Carroll E. Miller, Minister of First, of Lexington, died Saturday morning. Mrs. Alice Miller, his widow, and Miss Hellene Sellers, a handsome 17-year-old girl of this city. The wedding was set for Wednesday, the troupe having been purchased, and everything was in readiness for the ceremony. The bridegroom's family, however, could not marry him; that he loved another. He pleaded with her in vain, and her relatives tried to persuade her to marry him, but she refused to listen to him. Miller remained at the seller's residence Wednesday night, at the request of the girl's mother, and says he intended to stay here until Helene marries him.

Turks Arrested, Charged With
Seditious Practices.

After Trial and Conviction They Were
Taken Out on the Bosphorus

And Dropped Overboard—This Heroic
Measure Has Broke the Spirit of the
Revolutionaries—The Major of
Marines Under Suspicion.

LONDON, Oct. 25.—The Standard Friday morning publishes a dispatch from Constantinople concerning the reports of the summary dispensing of justice by the Turkish party who were arrested on the charge of seditions practices. After trial they were conveyed at night to the beach and then to a warship.

The dispatch also confirms the reports that the severe measures taken by the Porte were between the leading revolutionaries. Haim Pasha, the minister of marine, is under suspicion, and he is kept under close surveillance at his residence at Ortakent.

The Chronicle's Constantinople correspondent says that measures have been made of members of the young Turkey party. He adds that most brutal measures are being adopted for the suppression of the revolutionary movement. The government has sent to the capital the lawyer, Izet, who was arrested on the charge of being the author of an incendiary placard that was recently posted about the city and who was said to have been in prison is still alive.
